When viewed through the Eyes of the Analyst Analyst Mode FIFA 22 introduces a new mode called Analyst Mode. It allows the player to step in the shoes of an experienced analyst by watching a selection of key moments from a professional match with the unique ability to pause the game and play from the point of view of the analyst. The Highlights Reel and Assessment System both use this functionality to provide a faster and more comprehensive view of a match. This mode allows players to view and understand key elements in a match. The mode allows players to view and understand key elements in a match. FIFA 22 comes with an all-new set of goalkeepers. Across the board, Goalkeepers have been subjected to detailed scrutiny, and adjustments have been made to reflect the varying physical demands of the position. The keeper's play style has been adjusted to focus on timing and reaction when confronted by an on-rushing opponent. A more compact build has been introduced. Furthermore, the goalkeeper's ability to step up and receive the ball from midfield has been revised, giving him and the team a wider range of off-ball movement. Rewards There is a new reward system that rewards players with tokens that can be used to unlock in-game items. Tokens can be earned by playing the game, completing challenges and tracking accolades. Rewards can be earned from playing the game, completing challenges and tracking in-game accomplishments. New Pitch Styles The game also features seven new unique pitch styles, including the all-new Skyline, Coastal, Downtown and Beach styles. Each style brings new visual and gameplay characteristics to the pitch. New pitch styles include the Skyline, Coastal, Downtown and Beach. The Beach style is a great analogue for sand dunes that feature in the new Beach mode. It is an inviting and colorful playing surface that flows into a flat pitch end zone, where players can manoeuvre and recover. A variety of artificial and natural grass surfaces all play in the same manner, including the new Strata Grass, and all of the grass surfaces can be tailored to a player's individual needs with the use of six different variety options. Over the air, over the ground New 4K streaming capabilities and live broadcast options are also on board for FIFA 22. FIFA 22 is the first game to be offered in 4K Ultra HD, which is the latest 4K resolution
