You can't hold it back that your account got deleted. The first time you see pokemon lets go in any beta release. If you liked the graphics as well the Beta release, that is all they are. Not just the graphics but the ideas they where using. It's done from me, too! Though I also got rid of my old accounts a long time ago, so it wouldn't really affect me. At first I was really mad since I was looking forward to it, but now that I got used to it I've got no complaint about it. I actually like it actually. It's more easy to play and less tedious. I know the game was shown before, but this was the first time I saw it because of my first play through of the beta. I liked it, but I guess I didn't like it that much, because I was no longer fond of the beta/alpha play mechanics. I haven't had a chance to play it, but I'm not too sure if I will like it or not. I've not seen any gameplay of it, apart from when I was playing it on the PC site, and even then it looked a bit laggy. So I'm a bit sceptical on whether it will be good. I think it's a good idea, but then, Pokemon has done so many different things in the past, so we'll have to wait and see. It's a bit like Power Rangers, the series is gonna be good, but if you watch, you'll see that the games themselves aren't as good as what the tv show has become, you know what I mean? I haven't had a chance to play it, but I'm not too sure if I will like it or not.
